For President,  
 WILLIAM McKINLEY,  
 Of the United States.

Republican State Ticket.

For Secretary of State,  
 CHARLES KINNEY, of Scioto Co.  
 For Judge of the Supreme Court,  
 MARSHALL J. WILLIAMS, of Fayette Co.  
 For Food and Dairy Commissioner,  
 JOSEPH E. BLACKBURN, of Belmont Co.  
 For Member Board of Public Works,  
 FRANK A. HUFFMAN, of Van Wert Co.

THE motion for a new trial for ex-  
 Senator J. Q. Abbott will be argued on  
 Wednesday of this week. It is alleged  
 that jurymen slept on their jobs, and  
 that may play an important part in  
 bringing about the new trial.

THE result of the mass convention in  
 Morgan county Saturday, whereby  
 Hon. T. F. Davis gets the solid delega-  
 tion from that county, was a surprise  
 throughout the district, though highly  
 gratifying to Mr. Davis and his friends.  
 This gives him 74 votes to start with  
 and the Washington county men are  
 jubilant. Van Voorhis has Muskingum  
 solid, Taylor has Guernsey, and the  
 fight is open. The indications are that  
 the convention will be a hot one. Mr.  
 Davis' chances are excellent and his  
 delegation will stand by him all sum-  
 mer if necessary.

## THE POLITICIAN.

General Harrison's friends in Con-  
 gress are unanimous in declaring that  
 there is no truth in the report that  
 there was a combination to bring  
 about his nomination at St. Louis.  
 Representative Henry, of Ind., says:  
 "There is absolutely nothing in the  
 stories, so far as I know, and I am in  
 constant communication with those  
 who would be first to know of such a  
 movement." and Representative Hanly,  
 of the same state, said: "The people of  
 Indiana have always taken Gen. Har-  
 rison at his word. They believe im-  
 plicitly in what he says, because they  
 know he is not a demagogue or a trick-  
 ster. Of course, we would all like very  
 much to see Gen. Harrison President  
 again, but we are not planning to have  
 him nominated. Should there be a  
 long-drawn-out fight in the convention,  
 ending in a deadlock, Gen. Harrison's  
 name might be suggested. That, how-  
 ever, is only a possibility, not a proba-  
 bility. When the time comes the Indi-  
 ana delegation will act as men and as  
 Republicans." Other Indiana Republi-  
 cans in Washington talk the same way.

Senator Platt was perfectly serious  
 when he offered his resolution provid-  
 ing for the adjournment of Congress  
 on May 2nd. Speaking of it he said:  
 "It is perfectly clear that there will be  
 no important legislation during the  
 session except that embraced in the ap-  
 propriation bills, which ought to be all  
 disposed of before the date mentioned.  
 This being the case we should begin to  
 look to adjournment. I see no reason  
 for remaining here merely for the pur-  
 pose of introducing and talking upon  
 agitating resolutions, and am persuaded  
 that the country would, under the  
 circumstances, be better satisfied to  
 have us at home than to have us here."  
 Mr. Platt's resolution was referred to  
 the Appropriation committee. While  
 it is hardly probable that the resolution  
 will be reported to the Senate by that  
 committee with quite as early a date  
 for adjournment as that set by Mr.  
 Platt, the opinion is general among  
 Republicans in Congress that unless  
 some new complication arises to prevent  
 adjournment will occur before the first  
 of June.

Many regard the bill, last week in-  
 troduced by Representative Hepburn,  
 of Iowa, providing for a government  
 commission of five engineers to report  
 upon the best practicable route for a  
 ship canal, with a depth of 25 feet, con-  
 necting the Great Lakes with the At-  
 lantic ocean, as one of the most im-  
 portant measures before this Congress.

Col. Warren S. Reese, who is contest-  
 ing the seat of Senator Morgan, of Ala-  
 bama, and who is credited with being  
 the father of the Allen resolution pro-  
 viding for an investigation of that  
 election, which was recently favorably  
 reported to the Senate, is in Washing-  
 ton. He says of his contest: "It is the  
 basis to show that Alabama is deprived  
 of a Republican form of government.  
 Over 30,000 white citizens of the State  
 have set forth the facts in a petition,  
 showing that the government of the  
 State, as well as the U. S. Senator  
 elected by the legislature of 1892-94,  
 was not chosen by a majority of the  
 legal voters of the State. It is one of  
 the most remarkable conditions ever  
 known in the history of this govern-  
 ment, when 80,000 voters by fraud and  
 other dishonest practices defeated 220,  
 000 voters. Those who are wailing and  
 tearing their garments to have liberty  
 vouchsafed to bleeding and down-trod-

den Cuba need to do a little missionary  
 work in behalf of liberty a little nearer  
 home, as well as to strike a blow for  
 freedom for that unhappy and long-  
 suffering band of patriots."

Senator Sherman must have chuckled  
 when the Senators who showed a dis-  
 position to keep up the talk on the  
 Cuba resolutions, indefinitely in order  
 to prevent a vote suggested to him  
 their willingness to support a motion  
 to send the resolutions back to confer-  
 ence. Of course he promptly accepted  
 the suggestion, made the motion and  
 the resolutions went back to confer-  
 ence. Senator Sherman is too experi-  
 enced a parliamentarian not to have  
 recognized the victory thus won over  
 the obstructors. He knew that the  
 conference committee had only to re-  
 port in favor of the original Senate  
 resolutions and the House to accept  
 that report to close the incident with-  
 out giving the Senators who had been  
 talking against the resolutions any  
 further chance at them. And after all  
 the difference between the House resolu-  
 tions and the Senate resolutions con-  
 sists mostly of phraseology.

Speaker Reed's supporters are begin-  
 ning to display much activity in push-  
 ing his claims for the Presidential  
 nomination, and they are predicting  
 that he will shortly demonstrate an  
 amount of strength that will be sur-  
 prising to some people. As a rule the  
 Speaker's friends seem to think the  
 nomination will not be settled until a  
 number of ballots are taken by the  
 convention, and they are counting up-  
 on his staying powers to win. Gov.  
 McKinley's supporters express confi-  
 dence that he will win inside of three  
 ballots, while the friends of each of  
 the other candidates hope for a dead-  
 lock between Reed and McKinley to  
 give their man a chance to win. It is  
 getting very interesting.

## Another Card From Col. Riley.

EDITOR LEADER:  
 The "City Editor" of the Register, in  
 Friday's issue is frank and honest  
 enough to admit that he agreed to pub-  
 lish the letter referred to, but pleads  
 the "baby act" by saying that his Pap  
 put his veto on it.

Now this was creditable to the young  
 man, but he spoils the effect by under-  
 taking to give an excuse for the veto,  
 by saying that the letter was not pub-  
 lished because it was not signed. No  
 reader of that excuse believes the  
 statement! The writer of this line  
 would try to believe it if the Senior Ed-  
 itor had not said that the letter was not  
 used because he, the Senior, did not like  
 it. This statement was accepted as  
 true, the "airing" the City Editor  
 gives himself and his statement to the  
 contrary notwithstanding.

The people care nothing about new  
 rules for correspondence, nor personal  
 affairs, but they are anxious for  
 electric cars, and do not understand  
 why early action cannot be taken, so  
 that the good work may commence  
 with the opening of spring.

## WHEN REPTILES RULED.

There was a Time When the Globe Was  
 in Their Possession.

There was a time "in the wide revolving  
 shades of centuries past" when the  
 globe was wholly in the possession of  
 walking, swimming and flying rep-  
 tiles," says an exchange. Being the  
 dominant type, they divided naturally  
 into three great classes.

In the oceans they became gigantic,  
 paddling enaliosaurians; on dry land—  
 or, rather, wet land, for the whole sur-  
 face of the globe was doubtless a quag-  
 mire at that time—they became mon-  
 strous, erect dinosaurs, some of  
 which had legs 15 feet or more in  
 length.

Those which inhabited the regions of  
 the air were the terrible flying ptero-  
 dactyls. For a vast but unknown  
 length of time these awful creatures  
 literally ruled the earth. Then one by  
 one they died out in the face of the  
 younger and more vigorous fauna until  
 at the present time only a few miniature  
 alligators and crocodiles, a few toy  
 snakes and skulking lizards and geckos  
 remain as reminders of the enormous  
 reptilian types that once crowded land  
 and sea.

## The Modern Flat Building.

"You know, it's old enough and fam-  
 ilar enough," said a flat dweller,  
 "but it's striking all the same, to heat  
 the whistle blow in the kitchen, from  
 somebody in the cellar at the elevator,  
 and may be at the same time to hear  
 the bell ring from somebody at the  
 front door. The servant throws up the  
 door to the elevator shaft, to be ready  
 to receive the things that the man is  
 sending up from below, and she swings  
 around and presses the button and  
 opens a door far away and in still an-  
 other part of the house. All simple  
 enough, but it interests me all the  
 same. It seems sort of like running  
 the steamer from the bridge; or like  
 throwing the levers in the switch house  
 and controlling switches far away; it  
 seems like business; it's modern and up  
 to date."

## IN THE OIL FIELDS.

Sistersville, March 28.—It is reported  
 that the Kanawha Oil Co.'s No. 3 on  
 the Anthony Smith farm out near  
 Wick is making about 100 barrels a  
 day since it was shot. The South Penn  
 oil company has commenced drilling at  
 their No. 2 in the Stealy lease. No. 2  
 is making about 500 barrels a day.

It is reported here this afternoon  
 that the well drilled by Hannan Bros.  
 on the Halon farm about nine miles  
 west of New Matamoras, Ohio, was  
 making between 50 and 60 barrels a  
 day. However, this report could not be  
 confirmed. This is a very important  
 wild cat well, the first ever drilled into  
 the Big Injun sand in that section.

Shay and McMullen drilled in their  
 No. 1 on the J. B. Smith farm out in  
 Doddridge county, 150 feet west of the  
 Kanawha Oil company's No. 38 Hard-  
 man, and have a good, big well. This  
 well flows every hour regularly, and  
 will make a big producer. Its close  
 proximity to the Hardman well makes  
 it a sort of a freak. The Hardman well  
 drilled in some time ago and has never  
 made more than five barrels a day.

## ST. MARYS.

In the Broad Run field one well has  
 been drilled in by Haskill & Ballard  
 this week on the Cornell lease, and is  
 a good producer. They are also getting  
 the rigs up for wells on Isaac Pethle  
 and Joseph Pethle.

Mallory Bros.' Hamilton No. 2 on  
 Whiskey Run has the first pay sand,  
 and will probably get the second today.  
 We are informed that it will be a fair-  
 ly good well.

The well on the Jackson farm at  
 Vaucluse has been shot and tubed for  
 pumping, and will make ten barrels  
 per day at least. It is reported that  
 the owners will put down another well  
 at once. The oil was got in the "Big  
 Injun."

The Barnsdall well on Rock Run be-  
 gan drilling on Thursday. Oil men  
 generally think this will be a good  
 well, as it lines up pretty well with  
 the Whiskey Run and Sugar Creek  
 wells.

The R. S. Reynolds well on Middle  
 Island is pumping about ten barrels  
 per day out of the lower Cow Run sand.

The stuff is being got out for Dr.  
 Gale's No. 2 on C. W. Bills, and the rig  
 will probably go up shortly.

Fraser Bros. are getting their rig up  
 for drilling a well on the C. W. Bailey  
 farm on Middle Island Creek.

We are informed that the Shingleton  
 well near Hebron is still keeping up its  
 production.

Several more rigs are going up in the  
 vicinity of the Shingleton well, and  
 that territory will soon be pretty  
 thoroughly tested.

Capt. McLaughlin has the rig com-  
 pleted for a well on the Rodney Rey-  
 nolds lease on Lonz Run. Drilling  
 will probably begin in a few days.—  
 Oracle.

## THE WILLIAMSTOWN FIELD.

March 25th.—Owing to the inclement  
 weather work has been almost sus-  
 pended in the oil field. The roads are  
 almost impassable.

The McTaggart Oil Co. have ar-  
 ranged to drill their Henderson No. 1  
 to the Berea grit and work has already  
 commenced.

Wilson Brothers are pulling the eas-  
 ing from the deep well on Lemuel  
 Athey land and are moving the ma-  
 terial to a new location on the same  
 farm, where they will drill a well to  
 the Cow Run sand.

C. S. Reed & Co. have a plugged hole  
 at their No. 2 and are moving the derrick  
 to start a new hole.

The rig is up and the contract let to  
 drill a well on the Thomas Ashby farm  
 by the same company that drilled a  
 dry hole on this farm about two years  
 ago.

The wells started on Big Run near  
 the Benson Athey well, are progress-  
 ing very slowly, but the active leasing  
 being done shows faith in this section,  
 and more wells will be drilled as soon  
 as the weather will permit.—Sentinel.

## Reduction in Wages.

PROVIDENCE, R. I., March 27.—Notice  
 of a reduction in wages were posted  
 in the Merino and Ross cotton mills at  
 Olneyville Thursday, and it is expected  
 that several of the smaller cotton fac-  
 tories in other parts of the state may  
 follow suit. The amount of the reduc-  
 tion has not been decided upon.
